

## **What is Discipled Veteran?**

Discipled Veteran utilizes the preexisting comradery that every Veteran shares, to reach additional Veterans in the community. We do this by recreating the sense of unit, mission, and accountability that every Veteran misses about the military and struggles within the civilian world, in the church setting. Much like a youth group capitalizes on young people's similarities to reach other young people, however, on a Veteran platform. Some churches organize a Discipled Veteran group into an already existing small group ministry, some churches create a new Sunday school class, some meet during the midweek service, and others simply choose a day of the week for them to meet. How ever you decide to do it, we are here to help you.
